This.....Our

OUR GOLDEN HOURS

Time is precious, I've been told;
And this is very true,
For when we look back on the hours,
They form a golden view.

The fallen sand denotes the past—
Our memories gone by.
The world has been our plaything—
Our aspirations high.

Wisdom is our tool of work.
Knowledge is our gain.
Fun is had by everyone.
Conformity is all in vain.

School days are our best ones.
The world is carefree and gay.
The students are the actors,
Our school life is the play.

And now the golden sand
Does sift and fall away
The hours have passed to eternity
The dawn awakes a new day.

Dedication

In highlighting this important era of our lives, we, the Oriole Staff of 1959, consider it a distinct privilege to honor one of our devoted teachers. Our lives have been enriched because of her real love of teaching and her genuine interest in the youth today.

Her unique ability in the field of mathematics combined with her experiences in a variety of activities that include senior events, student council work, future teachers groups, professional organizations, and contributions to the annual staff in the capacity of the business sponsor make her a real inspiration and admirable leader for us to follow.

In recognition of her many outstanding contributions to our lives and to others who preceded us in living through their Golden Years, we dedicate with love and appreciation the 1959 Oriole to Mrs. Bessie S. Totten.

ADMINISTRATION

Kenneth E. Fulp, Principal

Principal's Message

To assume that the function of the school is solely preparation for life implies that life begins after graduation. I believe that the first 18 years of a person's life, 12 of which are spent in school, are as important, if not more important, than any other period in life. During this period of life a student should be engaged in activities that will permit him to use the skills that he learns to live a full life. A full life must include development of the intellect, development of moral and special values, development of the physical body and development of skill in getting along with other people successfully.

We hope that our school gives the proper emphasis to the development of each aspect of the student's life. This publication will give one an over-all view of the activities at Pulaski High. However, we must keep in mind that for the purpose of a yearbook, the social aspect is always emphasized. Also, this publication can be viewed as an example of what can be accomplished by many students using the many skills which they have learned, in co-operation with others, to bring a project to completion.

I should like to take this opportunity to thank the faculty and the student body for their co-operation and understanding during my first year here as Principal. Anyone who looks through this yearbook will understand why I consider it a high privilege to be a part of Pulaski High School.

CLASSES

Senior Class Officers

Mack Torrence, Treasurer; Carol Sue Wilson, Secretary; Carol Hill, President; Kathryn Deeds, Reporter; Winifred Pearce, Vice-President.

As Seniors of 1959, we look in retrospect to our past school years, remembering our varied experiences which we shall always cherish as fond memories, especially over those in our Senior year.

Many events have crowned this our Senior year at Pulaski High—the thrills we enjoyed through having won first prize in the Homecoming Float Parade, attending the Virginia-Maryland game at Charlottesville, decorating the Christmas tree in our lobby, our Youth Government Day, our Banquet, our Prom, dances and all our other days of work and play.

We realize only too soon that our days were but few on "The Hill". But not until we receive our diplomas will we become aware that our footsteps will be only echoes in the halls of P.H.S.

We leave to P.H.S., and to all her students who follow us, our devotion, our loyalty, and our pride. Our constant hope will be that our School has been enriched by our having been here because we are finer people and we are better prepared for the future years through the untiring efforts of our capable faculty and from the knowledge instilled in us by them and from their high ideals set forth as shining lights along our pathways of education.

May those who follow us continue to bring recognition and honor to our school and may they always uphold the tradition and ideals which make P.H.S. outstanding.

We express our deepest gratitude to our most able and understanding sponsors, Miss Mayme K. McCoy, Mrs. J. C. Totten, Miss Emma Gallimore, Mrs. Harry Loftus, and Mrs. Miller Bushong.

Our sincere appreciation goes to Mr. Kenneth Fulp, Principal, Mr. Ted Viars, Assistant Principal, and to Mrs. John Sanders, Guidance Director.

The Eighth Grade

Officers: Katheryn Clark, Secretary; Emily Welch, President; Yvonne Thompson, Treasurer; Jimmy Warden, Vice President.

An excited group of eighth graders entered Pulaski High School, September 2. Since we were enrolled a day earlier than the upper classmen, we became familiar with the school routine before the big rush began.

After listening to spirited campaign speeches the group elected the following officers: President, Emily Welch; Vice President, Jimmy Warden; Secretary, Kathryn Clark; Treasurer, Yvonne Thompson.

The sponsors who helped direct our scholastic and extra curricular activities were: Mrs. Ruth Bird, Mrs. Mary Ann Lemons, Mr. John Lyons, Mrs. Eleanor Thompson, Mrs. Barbara Keever, Mrs. Alan Groseclose, Mrs. Jean Blankenship, and Miss Lola Robinson.

Varsity Football

High passes, exciting touchdowns, and plenty of good sportsmanship are the highlights of every football game, and the football team are the chief actors on this field of excitement.

This past year Pulaski High School's Orioles worked under the good judgment and excellent leadership of Coach Ed Rockwell. Captains for the team were Bobby Worrell and Tracy Whitaker.

We are thankful that we have the Orioles to add so much to our school life.

AMERICA — OPPORTUNITY

"America is but another name for opportunity," said Ralph Waldo Emerson many years ago. And today's nuclear-electronic-space age offers opportunities that would startle even the imaginative Mr. Emerson.

Textiles, as one of America's most essential industries, affords a wider range of promising careers. High school graduates who plan to continue their education should consider the fine textile schools operating in America.

COMMENCEMENT

Perhaps you have been thinking of this occasion for some time. Graduation is only the beginning of a brighter future. We hope that it is a "commencement" of greater things to come.

In America we enjoy the world's highest standard of living. If we are to continue to enjoy these benefits, we must have better trained men and women. We need more scientists; more trained engineers; and better qualified people in all walks of life. It's your future — use it wisely.
